The Power Scale

Knowing and understanding your Ball-Striking Range
(keeping the balance between under and over-hitting)

The Ball-Striking Scale below is from 1-10

You must know what your #6,#7, and #8 level is for the situation and on that day to be effective
14-16 should be the total of two shots put together EG: You face a ball that is a #6, you hit an #8 back (6+8=14)
